

PRIVATE EVENT PACKAGES

Thanks for your recent interest in our Private Event DJ Packages. *You DJ Now* adopts a fresh and energetic approach in providing Premium DJ-Services throughout Western Australia. Our team consists of highly skilled and professional nightclub experienced DJ's and producers who are waiting to mix, loop and drop the biggest hits from the past and present that will keep you and your guests dancing all night long! We specialise in all events from Birthday Parties for the young and old, Engagement Parties, Corporate Events, Weddings, and everything in between (who said we even need an excuse for a party!?) We pride ourselves in providing a friendly and stress-free experience for our clients. We like to put you in control in guiding the music approach for your night—after all, it's YOUR Party and you deserve to celebrate it YOUR way! We will liaise with you in the lead-up to your event and throughout your special evening to ensure everything goes according to plan and you and your guests are left smiling.

You DJ Now uses the latest in audio, lighting & visual technology to establish the professional image that we have become renowned for. So-much-so, we are contracted to install equipment for other DJ companies throughout the Perth metropolitan area—using Service Technicians to install equipment with setups that are sure to impress. This leaves our DJ's to do what they do best—and that's entertain! We can completely customise our private packages to suit your needs. We have a range of extra equipment and services (including Photo Booths and Photographers) available through our [Hire Division](#), or why not make your event one that's different from all the rest with our [UV Parties](#), [Snow Parties](#) or [Silent Disco's](#)—ask us for further information.
